TAG INFORMATION

AFFCO PREVIOUS SEASON TAGS CAN BE USED, however please discard all 'DAIRY MEAT' ear tags as these are no longer valid

Number of tags required for 2011 Season _____ AFFCO flag required? **YES/NO**
 Calving dates / / To / /
 The property from which the bobby calves are uplifted is under TB movement control? **YES/NO**
 If yes, I/we agree to use only **YELLOW IDENTIFICATION** tags for these calves.
 TB status of my/our herd is: Clear Works Monitored Infected Suspect
 (Tick appropriate status and add index number if stock have "infected" or "clear" (eg C6 or I2 Clear C6)

BOBBY CALF STATUS DECLARATION

I will ensure that any Bobby Calf I send for slaughter is not within the meat withholding period of any animal remedy or treatment:

- Administered to that calf (see note 1 reverse)
- Given to the dam before the birth (see note 2 reverse)
- Given to any cow that has been used to supply milk to the calf (see note 3 reverse)

STATUS OF HERD: Are any of the animals in the herd under residue movement control (see note 4 reverse) **YES/NO**

Have any of the animals in the herd been vaccinated against Johne's disease in their lifetime (see note 5 reverse) **YES/NO**

As part of this agreement I undertake to ensure that all who work with these animals are instructed to the need to comply with these requirements.

If I become aware that any calf has been inadvertently sent for slaughter while not meeting any of these conditions, I shall immediately inform AFFCO New Zealand Ltd.

DECLARATION: I declare that as the supplier of calves intended for human food, this Bobby Calf Status Declaration is true and accurate, and that I have read, understood and agree that I must abide by the requirements set out in both sides of this form. Unless I advise AFFCO New Zealand Ltd of any change prior to 30 November 2011, this declaration will remain valid until that date.

Nominated school: _____

Address of school: _____

BOBBY CALF STATUS DECLARATION

I/We agree to abide strictly by the "Code of Recommendations and minimum Standards of the Welfare of Bobby Calves" as required by the Ministry of Agriculture. **Calves suitable for slaughter shall be at least 4 days old, milk fed only and not more than 2 months old.**

I/We agree to ensure the calves are fed immediately prior to pickup (within 2 hours).

I/We acknowledge these tags remain the property of AFFCO New Zealand Ltd and will only be used for the identifications of bobby calves for supply to AFFCO New Zealand Ltd.

The information on this declaration must be accurate. If any calf is sent to slaughter while not meeting any of these conditions, I shall immediately inform the slaughter plant.

AFFCO New Zealand Ltd may retain your calves for rearing.
If you do not wish them to be retained please tick here

NOTE 1: Calves treated directly with any antimicrobial agent (e.g. antibiotic or sulpha drugs) must not be submitted for slaughter. Treatment with an approved electrolytic which is labelled to indicate that there is not withholding period is permitted.

NOTE 2: Where a pregnant cow has been treated with any animal remedy and calves before the meat withholding period of the product has elapsed, then the calf may not be submitted for slaughter until the cow becomes eligible for slaughter.

NOTE 3: Calves may be indirectly exposed to chemical residues if they are fed milk from a treated cow. If calves are exposed to chemical residues via cow's milk, they are not fit for slaughter until after the expiry of the meat withholding period of the cow providing milk.

NOTE 4: Residue Movement Control: When animals at slaughter are found to exceed the permissible limit for any animal remedy, pesticide or other contaminant, MAF will place the risk source farm under movement control. This prevents the movement of animals off the farm without MAF permit. In cases where a farm is placed under movement control after the supplier has supplied a seasonal declaration to the slaughter facility and submit a new seasonal declaration.

NOTE 5: Johne's Vaccination: If you do not know the Johne's disease vaccination of any animal you must circle "YES"

Please sign this form and return in the postage paid envelope enclosed, or fax to us at your earliest convenience.

BOBBY CALF UPDATE

SINCE 1904

Welcome to the 2011 bobby calf processing season with AFFCO NZ Ltd. This update contains important information for you as a valued supplier, along with the ANNUAL FORMS you need to complete and return before we can collect your 2011 calves.

BOBBY CALF REGISTRATION/STATUS DECLARATION FORM

To ensure smooth collection, processing and payment for your bobby calves during the 2011 season please COMPLETE the bobby calf registration/status declaration and RETURN it in the freepost envelope provided. (Please check we have your correct details).

A fully completed SEASONAL ANIMAL STATUS DECLARATION is required from each property supplying bobby calves to AFFCO during 2011, and covers the entire 2011 season's calf collection from that property.

Important:
We cannot accept and process any bobby calves from your property until this form is completed and returned to AFFCO.

Help AFFCO support your local primary school!

Through our 'cash for schools' scheme, AFFCO will donate 40c for every bobby calf you supply in 2011, to the rural primary school of your choice.

NOTE: Only one school can be nominated per supplying property.

This does not come off the schedule payment; it is a donation on your behalf over and above the price you receive for your calves.

All you have to do is nominate your desired primary school on your SEASONAL ANIMAL STATUS DECLARATION and at the end of the season we will donate to that school 40c for every calf you have supplied to AFFCO.

LAST YEAR WITH YOUR SUPPORT WE DONATED OVER **\$80,000** TO RURAL SCHOOLS

Register EARLY & WIN

Register before 1 May 2011 and be in to win one of three trips for 2 to Melbourne! Your choice of a stage show, Melbourne Cup, wine tour or shopping.....

PLUS 10 pamper packs up for grabs as well - Don't miss out register today!

* Conditions apply

EAR TAG ORDER

Please complete the section of the Bobby Calf Registration/Status Declaration form for your seasonal ear tag requirements. Should you require additional tags throughout the season, please contact us.

Please note:

- We supply ear tags to you free of charge
- AFFCO ear tags do not require additional tools to apply
- **Previous season tags can be used if they have not come from another property**
- Please check your ear tag delivery bag for your collection schedule
- **Please discard all 'Dairy Meat' ear tags as they are no longer used**

COLLECTION

AFFCO will provide a comprehensive collection service during the Bobby Calf processing season. During the period of peak calving we appreciate your requirement to uplift calves promptly and efficiently. To this end collections will be made at the dairy shed.

A collection schedule for your region will be advised before the season begins.

AFFCO FLAG

Your AFFCO Flag is to be used at the gate front to show the carrier you have calves for collection. If the flag is up the carrier will come in. Please remember to remove your flag if you no longer have calves for collection, and respect the time it takes for carriers to make unnecessary trips.

PAYMENT

NEW

Many thanks to those of you who provided us feedback on our kill payment methods last season. We have taken your comments on board, and are please to announce that going forward, **AFFCO will be paying within 7 days**, inclusive of kill date.

We prefer to make all payments to you by direct credit to your nominated bank account.

Payment notifications can be supplied to you electronically via e-mail or fax. Please ensure you include these details on the Bobby Calf Registration/Status Declaration form.

CALF PENS

On behalf of the contracted carriers we ask that you please keep your calf pen in a clean condition. A regular cleaning programme will also help prevent any spread of contamination and disease. **Calves need to be closely confined within an area for no more than one square metre per calf for ease of collection.**

Please ensure that your Dairy Company Farm Supply number is clearly legible on your Calf Pen.

Calf Pens should be placed in the tanker loop in a position that is accessible by stock trucks and trailers. The maximum distance to carry a calf from pen to truck should be no more than five metres over a firm surface. Please ensure that all trees are trimmed to allow trucks clear access. Please note that stock trucks are approximately one metre taller than a milk tanker.

Please provide a container or clip attached to the calf pen where the carrier can leave a docket.

✓ CHECK BEFORE THE SEASON COMMENCES:

- Registration form filled in and sent back to AFFCO**
- You will receive eartags and a collection schedule from AFFCO as confirmation that we have received your registration
- Flag has been attached to the end of the drive and ready for activation**
- Calf collection pen is:**
 - Clean, confined and easily accessible
 - Dairy Company supplier number is clearly showing
 - Container or Clip is available for the dockets
- Call the carrier the day before your first collection**

Should you require additional registration forms for each of your properties you can download these from:

www.affco.co.nz

E-MAIL: LCS@AFFCO.CO.NZ

We look forward to being of assistance to you during the 2011 calving season.
